

The slide features a dark purple background with a large, thick circular arc in the center, transitioning from orange on the left to magenta on the right. Four stylized plus signs, each with a yellow-to-purple gradient, are positioned at the corners. A small, rounded rectangular button with a similar gradient is centered above the main title.

PRESENTATION

ACADEMA

An Independent platform for students to gain every genre
knowledge at same time , same place

Introduction

Academia is a platform that gives student or researchers an independent space where they can explore there interested topics and use that knowledge to enhance there researches or desired work. Also get the information about upcoming events so that you can't miss one .

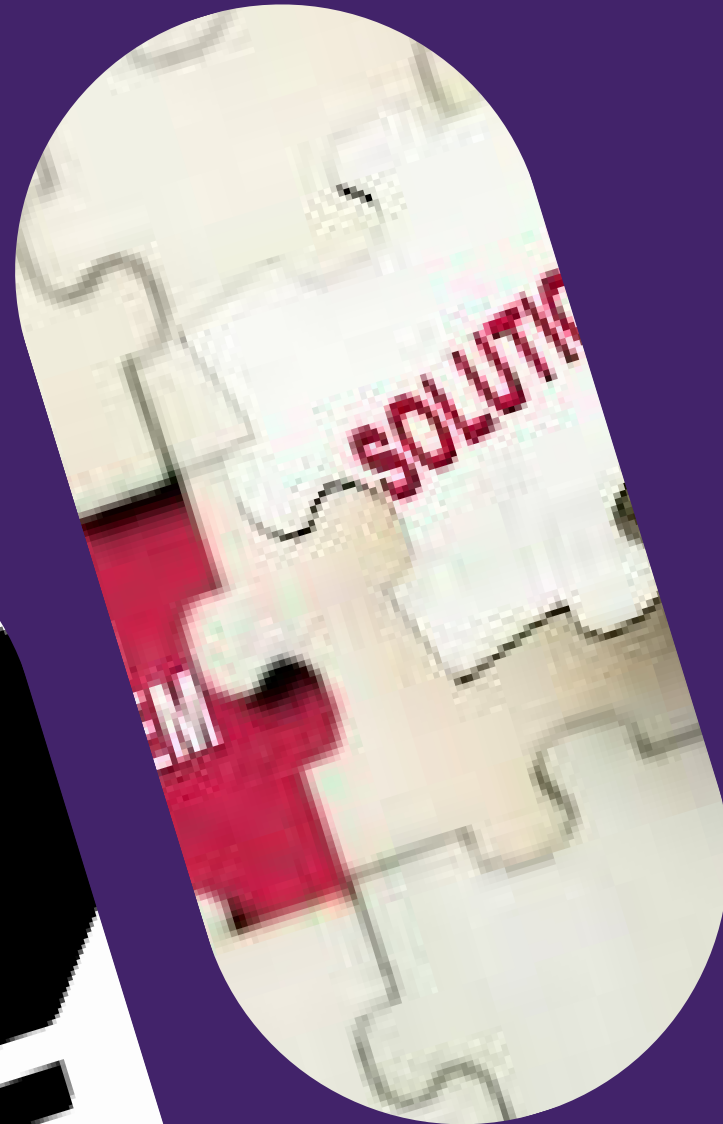

PROBLEM STATEMENT

Many bachelor or master degree students faced problem of lack, irrelevant and unorganized information which they require for researches and projects. Due to that they waste their time on exploring and finding information which can be or can't be relevant.

STUDIO SHODWE

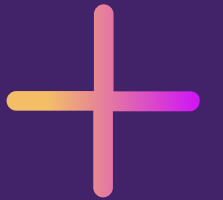

How we're tackling it?

01 Providing Single Platform

Providing single platform for every genres and fields of information and researches which will ensure the integrity and relevancy of information.

02 Saving Time

By saving most important aspect in student life "Time" is a life saver , when their is limited time left or you have a huge work pressure ACADEMA will help you pass that.

Prototype

Prototype will contain some User interface pages, what the clients will experience while visiting on our site.
